9:30 — 10:45 Session One Workshops

Run, Hide, Fight!

Doug Muse

Danville Police Department Officer

Room 1

The Danville and San Ramon Police Department have encouraged our employees to “run, hide, fight” in the face of an active shooter. “Run, hide, fight” is a safety protocol for active shooter situations promoted by the Department of Homeland Security and other law enforcement agencies.

Extreme Self-Care For Childcare Professionals

La Rhonda Crosby-Johnson

Certified Integral Coach of BARUTI Enterprises

Room 2

Wellness is not just the absence of disease, but a lifestyle that brings optimal physical, spiritual and emotional health. “Extreme Self-Care For Child Care Professionals” has been designed for directors, managers, direct service staff and educators. This workshop will focus on identifying barriers to self-care and practices that change self-care from an event to a lifestyle. Participants will create their own Personal Self-Care & Wellness Plan while recognizing the importance of returning JOY to their daily lives.

Creating an Outdoor Classroom

Elizabeth Castillo

Site Director, Kids' Country

Room 3

Creating an outdoor classroom is as easy as 1,2,3! In this session we will talk about creating your own outdoor classroom and being able to think outside the box while creating your space. We will talk about how to get started, the tools you will need, and some curriculum that you can incorporate. Creating an outdoor classroom is not just about gardening but giving your children another space to be creative and explore.

Prototyping Challenges with Design Thinking

JP Neang

STEAM Educator, Kids' Country

Library

Design Thinking is best understood through play. This hands-on workshop is an energetic activity that uses fun and unconventional materials to solve a mission. Participants will be asked to create prototypes from REAL classroom challenges by experimenting with the basic structures of Design Thinking. These tools will help to provide enhanced learning structures, promote forward thinking, and how to create multiple solutions from a single classroom challenge. This workshop is best for those who want to learn how to inspire and build creative solutions and/or want to have more impact in their programs.
