

Our Impact

Quality Care and Enriched Learning

A leader in school age care, Kids' Country is committed to implementing best practices in the field of out of school time for students ages 5 to 12. We create an inspired and inclusive environment and enriched activities for children specially designed for different age groups. Kids thrive at Kids' Country because they are engaged in doing great things, every day.

WE HAVE DEEP ROOTS

Kids' Country was founded and built by working families in the San Ramon Valley community 35 years ago so that their children had a safe quality place to go to after school.

WE ARE ACCREDITED

Kids' Country is the first Afterschool Program in the nation to be accredited as an organization by the Council on Accreditation. COA's standards are designed to promote a programs' capacity to provide quality experiences that help children and youth thrive. Our ongoing process of continuous quality improvement ensures that we maintain best practices as we serve our families, support our staff, and partner with our community.

PROUD MEMBER OF THE COMMUNITY

At Kids' Country, we build a sense of community responsibility into our programs. Our children and staff often design and complete community service projects that support local and national nonprofit organizations. Through this process, our children learn social responsibility and empathy for others. Below are just a few of the nonprofits we have supported.
